

### Useful information :

The spa is open from 11 a.m. to 7 p.m. 60-minute massages can be done in Duo on reservation.  
Sunday is the day off for our therapist, but you can still book the hammam treatments.  
We advise you to make the reservation 24 hours in advance.

The bathrobes are available in the rooms. The towels, single-use underwear, bath slippers, shampoo, and shower gel will be provided at the spa. Wearing underwear or a swimsuit is mandatory.

We invite you to come to the spa 5 minutes before the start of the treatment to fully enjoy the experience.  
Being late will, unfortunately, reduce the time of your treatments.

The treatments at the spa require you to be in good health. Please advise us if you suffer from health problems, allergies, or injuries (old ones as well).

We do not recommend the use of essential oils for pregnant women; for future mothers, we advise the use of pure argan oil.

In order to have a quality moment at the spa and not bother other clients using it at the same time, we kindly ask you to leave your phones in the room.
